

Server configuration

Server Receiver Setup

Connect the Server Receiver and Create a Favorites list for Channels to be shared.

Creating a Favorite List... (Insert a valid Smart Card the Slot.)

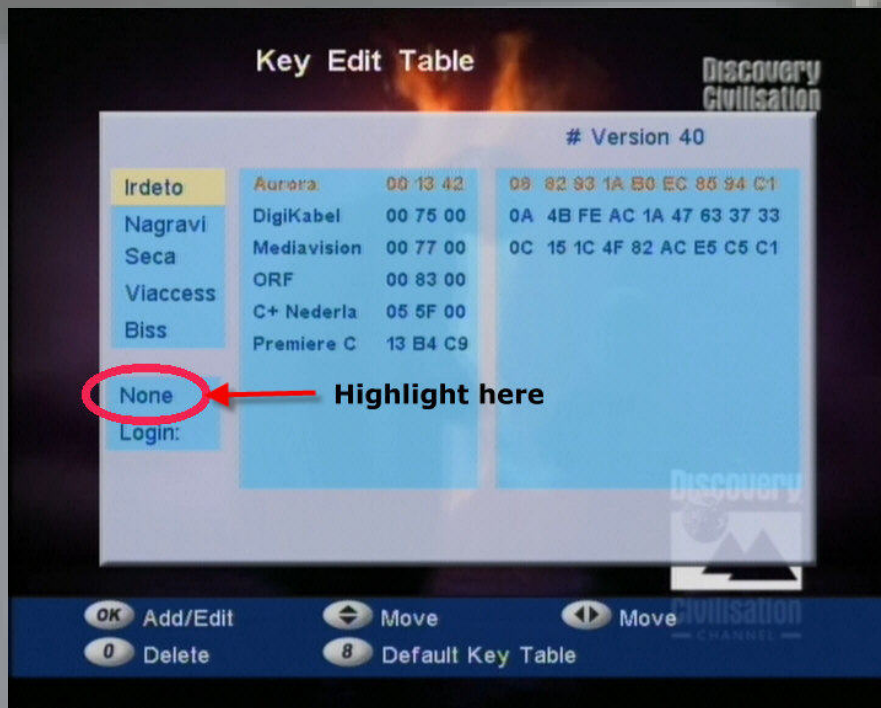

Created Favorite list

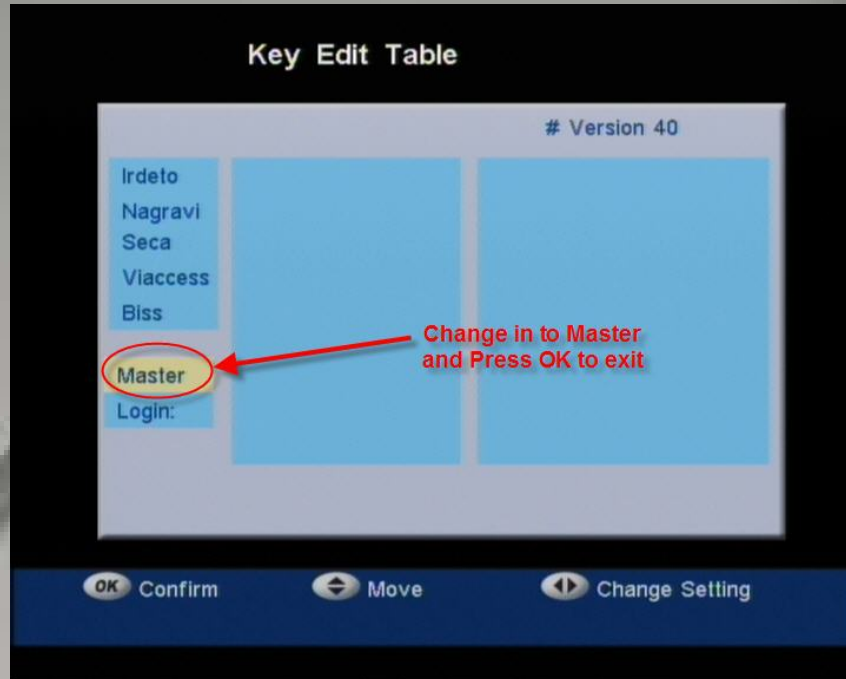

Select any Channels from the Favorite List

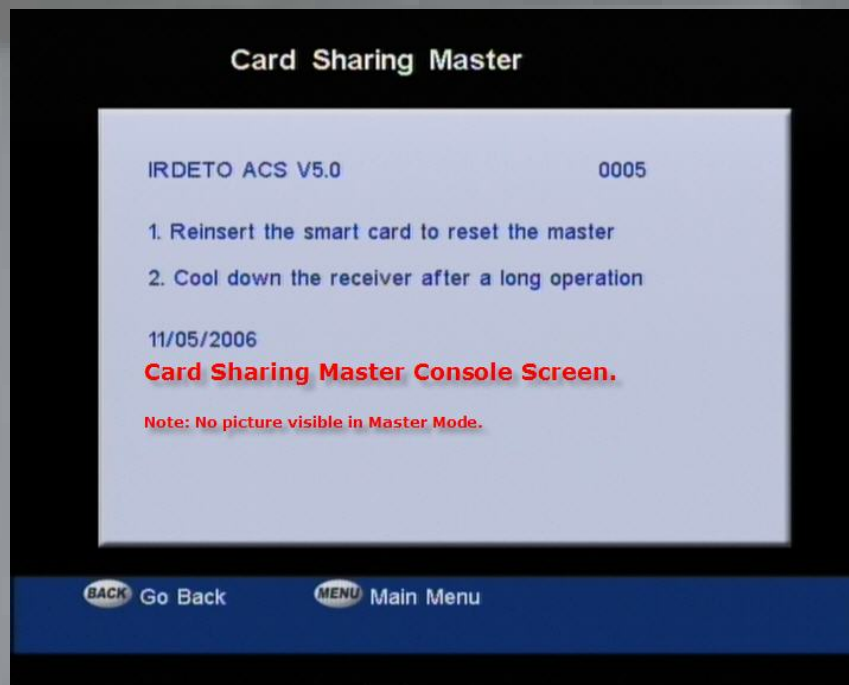

Enter PIN Code 8 – 9 – 4 – 3 in picture viewing mode, you will get a Key Edit Table (image below).

Change the Highlighted Field to Master (image below)

Now, Receiver is ready for Card Sharing Master Mode (see image below)

Connect Server Unit to Slave box with Wireless, Null Modem Cable or Through Internet to watch the Shared channels...
